CCDS has a mission to provide comprehensive dental care for clients who are uninsured, underinsured, Medicaid or are patients with access issues to private practice. Patients not on Medicaid are offered a sliding scale fee discount based on proof of income and the number of people the income supports. This is NOT a free clinic. Federal guidelines are used based on federal poverty levels and discount 40%, 60% and 80%. CCDS is not a preferred dental provider. If a patient has a high deductible or needs to set up payment schedules, they can be seen if their insurance company can be billed. A list of companies is available.
